

A PACT FOR THE FUTURE BETWEEN TERRITORIES AND INVESTORS

*The **EDILE label** aims at identifying and promoting investment projects which have a positive impact on **their implantation territory**, in the following terms: **economic** (good practices and contribution to local economy), **social** (respect and promotion of employees), **environmental** (taking the ecological factor into account), and **community** (value creation at local level).*

COMPANIES

- Improve your performances
- Be ahead of the market
- Increase your visibility and communicate about your commitment
- Get exclusive advantages

INSTITUTIONS AND TERRITORIES

- Identify responsible companies and investors
- Encourage the local anchorage of investments
- Develop a sustainable and productive partnership with investors
- Optimise your territorial development strategy

Get involved for an international label recommended by international development institutions (MedCop 21, UNEP).

- **Expertise** to enhance your economic performance, reduce your energy bill, make your energy transition, improve the efficiency of your human resources and make local communities approve your projects.
- **Tools for self-assessment,** consulting and training at your disposal.
- **International visibility and recognition** among the economic community and international organisations.
- **Offers and privileged access for the EDILE-labeled** given by partner providers and administrations in your country.
- **A club of inclusive impact investors** committed to the optimisation of local impacts in the Mediterranean to act together, exchange good practices and generate business opportunities.

The EDILE project is implemented under the ENPI CBC Mediterranean Sea Basin Program (www.enpicbcm.eu), and is financed, for an amount of EUR 1.7 million, by the European Union through the European Neighbourhood and Partnership Instrument. The ENPI CBC MED Programme aims at reinforcing cooperation between the European Union and partner countries regions placed along the shores of the Mediterranean Sea. **MARSATWORK**
